

Chapter Map Template

Part 1 - Outline

Outline the chapter by writing the titles of each section and red subheading. The following is an example from Chapter #3:

- I. The Rise of Sumer *(Section 1 Title)*
 - A. City-States *(1st Red subheading)*
 - B. Religious and Family Life *(2nd Red subheading)*
 - C. Priests and Kings *(3rd Red subheading)*
- II. Later Mesopotamian Empires *(Section 2 Title)*
 - A. Sargon I *(1st Red subheading)*
 - B. Hammurabi of Babylon *(2nd Red subheading)*
- III. Contributions *(Section 3 Title)*

Part 2 – Vocabulary (bold and italicized)

Find the definitions for all **bold** and *italicized* words in the chapter. Number the vocabulary words in the left margin and write the word followed by its definition.

Part 3 – People to Know

You need to find a unique fact for each of the people in the “People to Know” list on the first page of the chapter. A unique fact is a fact that is only true of that one person in all of recorded history. For example: George Washington – First President of the United States. The answer would not be unique without the word “First.”

Part 4 – Map

Redraw the map in the chapter. Be sure to color the sections of the map that are colored in the key. **NO MARKERS!** You do not need to color the open land or water. Your map must fill at least half the page. **All** features and keys need to be labeled.
