

Cave Artifacts

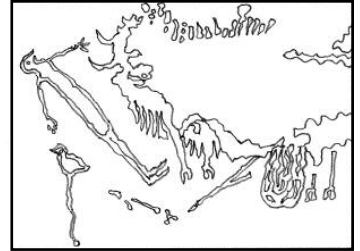

In this activity, you will try to discover what six cave artifacts reveal about early humans. Carefully examine each photograph from the cave. Match it to one of these images. Complete that section of the Reading Notes.

Transparency 1:

Find evidence: Label three details in the image that may offer clues about why the artist created this painting.

Our hypothesis: We think the artist created this because...

Why do social scientists think this painting was created?

PROCESSING

Create a “cave painting” that represents the most important aspects of your life. Follow these guidelines:

- Use charcoal, red-brown paint, or markings made with natural materials.
- Show at least five different objects in your painting.
